For: **METHOD AND DEVICE FOR MANIPULATING MICROSCOPIC
QUANTITIES OF MATERIAL**

February 25, 2005

Commissioner for Patents
U.S. Patent and Trademark Office
Alexandria, VA 22313-1450

RESPONSE TO OFFICE ACTION DATED JANUARY 25, 2005

Sir:

In response to the Restriction Requirement in the Office Action dated January 25, 2005, the Applicant provisionally elects, with traverse, the claims forming Group I defined by the Examiner, namely claims 1-10, 17-27, and 41-42.

The Applicant requests that the election requirement be modified. The Examiner has grouped claims 12-16 within a separate group of the application from that of claim 1, on which claims 12-16 are dependent. The Applicant submits that claims 12-16 should have been included in the Group I defined by the Examiner, as they are also directed to a method of manipulating a microscopic quantity of material. Should the restriction requirement be made final, the Applicant requests that claims 12-16 be included in the set of elected claims.

Serial No. 10/602,604
Art Unit 2874

Furthermore, the Examiner has not identified to which group claims 28-40 and claim 44 belong.

Reconsideration or modification of the restriction requirement is kindly requested.

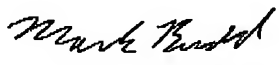

Respectfully submitted,

S. Mark Budd
Registration No. 53,880
